

BIG INCREASE IN ANTHRACITE RATES

Interstate Commerce Commission Deemed It Necessary.

SPRUNG A SURPRISE

Revenue Increase of \$625,000 Too Much for Railroads.

WASHINGTON, Aug. 21.—An increase of 25 cents a ton on all anthracite coal shipped to Chicago, St. Louis and all points in the west except Mississippi river points other than St. Louis was allowed by the interstate commerce commission today. This decision, following so quickly the drastic cuts in anthracite rates ordered by the commission last week, was a surprise to the carriers.

The increase affects 2,500,000 tons annually, as the coal shipped via Buffalo on through rates, called lake-and-rail rates, is not affected. This means an increase of revenue to the railroads of \$625,000 a year.

The present rates and the proposed increased rates per gross ton from the mines to the points indicated are as follows: Chicago and Chicago river points, \$2.50; proposed, \$2.75; Peoria, \$3.75; proposed, \$4; St. Louis and East St. Louis, \$4; proposed, \$4.25.

West of Chicago.

The proposed increases apply to all-rail shipments to points west of Chicago, to which there are no through rates from Buffalo. Except to Mississippi river points, there are no through rates from Buffalo to points west of Chicago. The proposed increases do not affect the territory which extends from Chicago west to the Mississippi river, south to St. Louis and Cairo, north to Quincy, except a few points to which there are now through rates, such as Peoria, East St. Louis and St. Louis. To Quincy and to the Mississippi river, the increase of 2 cents applies. The rates to the lower Mississippi river crossroads below St. Louis are not affected.

Through rates are effective on all of the lines from the mines to Chicago and to Chicago river points and to Peoria, East St. Louis and St. Louis. Of the through rates \$1.75 formerly constituted the division accruing to the trunk line carriers for the haul from the mines to Buffalo, as opposed to the local rate of \$2 on all lines for that haul.

Not Sold F. O. B.

But to points intermediate to Chicago and to other points in Ohio, Indiana and Michigan, to which no through joint rates apply, the rate payable is made by the combination of the local \$2 per gross ton rate from the mines to Buffalo and the local or reshipping rate from Buffalo west to destination, by which combination there is no profit about a freight charge of 25 cents a gross ton more to three points which commonly take the same rate as Chicago than the former joint through rate to Chicago. Anthracite coal is not sold f. o. b. at the mines, but at such a price per net ton in Chicago as preserves to the producer of coal the advantage of the 25 cents, so that the producer realizes more profit on the through shipments to Chicago made by the local shipments to Buffalo or on the through shipments to points between Buffalo and Chicago.

AUTO BANDITS ROB THE TULSA LAUNDRY

Held Up Proprietor and Wife and Stole Receipts of the Day.

Auto bandits entered the Tulsa laundry at Archer and Cheyenne streets last night at 9 o'clock and held up the proprietor and his wife. They secured \$12, jumped into their car and drove away at a rapid rate.

There were four men in the party. They were in a Ford automobile. Two of them stayed outside while the other two entered the office of the laundry. The proprietor and his wife were sitting at a desk. They were commanded to throw up their hands and were confronted by the two men with drawn revolvers. They took all the available cash, amounting to only \$12.

They quickly rushed to the car and drove away at top speed.

The police were notified of the holdup twenty minutes later, and while the city was searched for the bandits, no trace of them had been found at midnight. It is thought they left town at once.

ANDERSON WON THE TROPHY.

Time was Better than That Made by Ralph De Palma Last Year.

ELGIN, Ill., Aug. 21.—Gilbert Anderson today won the sixth annual renewal of the 50 mile road race for the Elgin national trophy. His time was 3:42:25, an average of 77.25 miles an hour, or nearly three miles faster than the record established by Ralph De Palma, who won last year, when Anderson was second and two miles faster than Cooper's record yesterday.

Larl Cooper was second. Cooper won the race over the same distance yesterday, with Anderson second. Both drove the same make of American car. De Palma was picked to win by the experts, and drove a magnificent race, but Ed O'Donnell nosed him out of third place by seconds. There were 12 starters.

Light Company to Build.

Special to The World.

DENISON, Texas, Aug. 21.—The Texas Power & Light Co. has purchased a site on Red river near Denison on which to build and have in operation by December 31, 1915, a power plant to cost approximately \$750,000. It is proposed to furnish electric current from this plant to operate the cars on a portion of the Texas Traction company lines, also for power and lighting throughout north Texas and southern Oklahoma, by the use of high-tension transmission lines.

AGGRESSIVE PLAN TO DEVELOP CHINA

Should Insure the United States a Fair Share of Country's Foreign Trade.

WASHINGTON, Aug. 21.—An aggressive campaign to secure for American business a share of the development of the enormous resources of China has been planned by the departments of state and commerce. The plan contemplates the development of an American invested interest in China that will insure the United States a fair share of that country's foreign trade and be powerful enough to take care of itself in the complicated and commercial situation there.

The scheme was developed by Paul S. Henshaw, minister to China, Julian H. Arnold, commercial attaché at Peking, and Dr. E. E. Pratt, chief of the bureau of foreign and domestic commerce. Mr. Henshaw brought to Washington a program framed by himself and Mr. Arnold which was submitted to Doctor Pratt, Secretary Lansing and other officials.

CITIZEN SOLDIERS IN A SHAM BATTLE

Whites and Browns Mix at Camp Dorothy Hoffman.

REGIMENTAL PARADE

All Departments Have Been Busy During Past Few Days.

Special to The World.

CAMP DOROTHY HOFFMAN, Chandler, Okla., Aug. 21.—Five hundred shots were fired in a battle between the whites and the browns yesterday, where a real sham-battle was being staged. In addition to the bureau of foreign and domestic commerce, under the direction of Capt. J. I. Tucker, touched off a number of shots of dynamite in the road-way leading to Camp Dorothy Hoffman. A formal guard mount, followed by a parade by second battalion under the command of Major John Alex, and a band concert in the courtyard lawn in Chandler were the other interesting events of Camp Dorothy Hoffman Saturday for the Oklahoma guardsmen.

Approximately five thousand rounds of ammunition will be used in the rifle range this year by the Oklahoma guardsmen by the time they complete their record. All of this is shipped to Chandler by the government from Rock Island, Ill. It is furnished by the United States government at the cost of \$33 a 1,000 rounds.

Regimental Parade.

Sunday a regimental parade of all of the organizations in camp will be held on the rifle range, followed by a sacred band concert on the courtyard lawn in the evening after which the chaplain, Lieut. C. H. Barnes, will deliver a sermon for the members of the Oklahoma guardsmen and the citizens of Chandler. Orders for a general policing of the camp Sunday morning were given out from headquarters this afternoon. Every organization must know just how to execute each order that is given by the officer in command. When a new man is found in a squad he is placed under the direction of a corporal and given individual instructions.

Signal Corps Busy.

The signal corps spent the afternoon transmitting messages by heliograph and wigwagging. Two stations were established, one at the signal corps camp and another one a mile north of Camp Dorothy Hoffman. The rays of the sun are used in transmitting messages with the heliograph. A set of mirrors arranged that they will throw the rays where they can be seen by the operators at the other station.

A number of wives and friends of the officers and enlisted men of Oklahoma guards arrived in Chandler Saturday afternoon to spend Sunday visiting in camp and watching the regimental parade. A dance for the enlisted men was given in Chandler Saturday night, the regiment band furnishing the music.

ST. LOUIS FLOOD COST ELEVEN LIVES

Two More Bodies Were Recovered Yesterday, Following Storm of Last Friday.

ST. LOUIS, Aug. 21.—Eleven bodies of victims of the flood that swept a narrow section of St. Louis and suburbs Friday were recovered today; and the death toll from the gulf storm that struck this section was increased by two today.

A farmer perished near Edwardsville, Ill., when his home was swept by a rise in Cahokia creek, and another man perished when a boat in which he was rowing with three others in East St. Louis capsized.

Of the 11 dead in St. Louis and suburbs, ten were negroes and one was a white woman.

Des Peres river, the rise in which was responsible for most of the destruction of property and all the destruction of life on the Mississippi side of the Mississippi, fell rapidly today; and normal street car service to suburban towns was almost restored.

Appeal from Flood Sufferers.

NEW ORLEANS, Aug. 21.—An appeal for relief of storm sufferers in Cameron parish, on the southwestern coast of Louisiana, was received today by Mayor Behrman of New Orleans. The request stated that 3,000 persons were in need of assistance.

Satirical.

He—Did you know the mails could carry soap?

She—Whoever doubted the mails' capacity for soap?

JITNEY COLLIDES WITH A BICYCLE

Motorcycle Patrolmen Were Busy Last Night With Law Violators.

Jitney auto No. 3065 ran over a bicycle ridden by Carl Double, 222 North Cheyenne, last night. The jitney was driven by H. Abbott.

The rear wheel of the bicycle was demolished. Abbott was arrested by a motorcycle officer, but was released after he had agreed to recompense Double for the damage done to his wheel.

M. McGrath, superintendent of the Tulsa street railway, swore out an information last night for the arrest of Vern Rankin, jitney driver, on a charge of overloading. McGrath and other witnesses say Rankin had seven passengers, in addition to himself. The jitney ordinance only permits six passengers to ride in a car. This section of the ordinance has not been rigidly enforced and overloading is coming to be a common practice among jitney operators. McGrath decided to take the matter in his own hands and see that the jitneys live up to the law. Recently one jitney operator, loaded with hauling twelve passengers at one load.

Lewo Kubitschek, an Admiral boulevard jitney driver, was arrested by motorcycle officers Brown and Scholz at 11 o'clock for overloading. They also claimed that Kubitschek was speeding but did not press this charge on his promise to obey the speed regulations in the future. He was released on \$5 bond for appearance in municipal court Monday morning.

STUBBLEFIELD IS FINALLY ARRESTED

Charged With Forgery, Has Traveled to Many Cities Since Leaving Tulsa.

Chief of Police Burns received word last night that the authorities at Joplin, Mo., had arrested C. H. Stubblefield, wanted here on a charge of forgery.

The alleged offense was committed about a month ago, a merchant being the victim. The check was for \$29. A warrant for Stubblefield's arrest had been issued.

Chief Burns traced the man from Tulsa to Memphis, Tenn., and then to Little Rock, Ark. He later found that Stubblefield had gone to Joplin and immediately brought about his arrest.

A deputy sheriff probably will go to Joplin today to take charge of the prisoner and return him to Tulsa for trial.

NEGRO ASSAILANT LYNCHED BY MOB

Fought Off By Girl, He Was Dealt Summary With Before Officers Arrived.

COUSHAMA, Ga., Aug. 21.—An unknown negro was lynched by a mob of armed men near this place early Saturday morning, following an attempt made by the negro to criminally assault the 17-year-old daughter of Ed Adecock, a well-known farmer.

The young woman, after retiring, discovered the man in her room and after fighting him off gave the alarm. Neighbors caught the black body of the man and turned him over to a deputy sheriff. Before the officer could get away with his prisoner a mob formed, forced the deputy to give up the negro, and hanged him in a nearby swamp.

MALESTER MANSION HERE.

Came With Full Paraphernalia for Funeral of Doctor Reeder.

The McAlester officers from the consistory at that place, who came here last night to confer the degrees of the Knight Kodash of the Dr. P. C. Reeder, died at 12 o'clock yesterday. Daniel Morris Bailey, 33, S. G. I. G.; W. Mark Saxon, 33, honorable secretary Indian consistory; William Perry Friedman, 33, honorable past grand master of Oklahoma; William Hayes Fuller, 33, honorable; Ed Bevis, organizer; Oscar W. Anderson, 32; W. B. McAlester, 32, K. C. C. H.; John D. Redpath, 33, honorable; Frank Craig, 33, honorable; George Louis Berry, 32, K. C. C. H.; Simon Naylor, 32.

They came to Tulsa with all the paraphernalia for the conferring of the midnight degree.

ALLEGED GUNMAN TAKEN BY POLICE

Emmett Latimer Charged With Stealing Gun From a Local Pawnbroker.

Emmett Latimer, alleged gun man, was arrested in the Tulsa railroad yards last night by Detectives Patton and Overby, after being chased for several blocks.

The officers fired several shots at the fleeing man to scare him, and finally he was forced to stop. Latimer is charged with stealing a gun from Dick Barton, local pawnbroker. The theft was committed several days ago.

The detectives say Latimer on Main street last night, but he spied them at the same time and took to his heels. The chase created much excitement in the vicinity of the Frisco crossing on Main street.

Latimer was booked for investigation but a serious charge likely will be filed against him today.

Negro Youths Scare Brass?

Halley Young and Willie Lee Hodges, negro juveniles, were arrested yesterday by Motorcycle Officer Bert Southern, after he had found them in possession of a large quantity of new brass.

The youngsters were booked for investigation and will be turned over to the humane agent tomorrow. In the meantime the police are endeavoring to ascertain where the brass was stolen from.

PROTEST AGAINST FRANK LYNCHING

W. F. Reamer of Mannford, Okla., Speaks His Mind in Letter to The World.

W. F. Reamer, a furniture dealer of Mannford, Okla., has written The World a letter protesting against the lynching of Leo Frank. He says:

To the man (if he is such) who calls the murderers of Leo M. Frank brave and loyal citizens I will say that if this be true then God help the cowards of Georgia. Brave men commit these acts in the daylight. Is it a brave act for 25 men to take a man with his throat cut from his neck, bed at the dead hours of night, tie him hand and foot, throw him in the bottom of an automobile, haul him 100 miles and hang him to a tree? And now the mayor of Atlanta says it will not be well for the ex-governor of Georgia to return to his home. Does he think these brave and loyal men of Georgia will also murder Slayton? If I was president of the United States I would place all of Georgia under martial law.

MASONIC FUNERAL FOR DR. REEDER

Services Will Be Conducted At Residence This Afternoon.

Following the Knight Kodash funeral at 12 o'clock last night, the funeral services of Dr. P. C. Reeder, who died at Sulphur, Okla., Friday, will be held at the First Presbyterian church this afternoon at 4 o'clock.

Officers of the consistory at McAlester were in charge of the mid-night funeral. They came to Tulsa as a mark of respect to the departed, who was worshipful master of the first Masonic lodge in Tulsa, and also out of courtesy to his son, Dr. C. L. Reeder, past-grand master of the grand lodge of Masons of Oklahoma.

The full Masonic funeral rites will be observed today.

The pulpit will be occupied by Rev. J. H. Bond, of Franklin, Colley, George Cleo Lloyd, Henry Clay George, Thomas Emmet Smiley and George Lottier Wilder. John Hamilton Mackenzie will be bible reader and W. E. Gordon will officiate as chief marshal.

The services will be in charge of lodge No. 71, A. F. & A. M.

The Blue Lodge, Masons and Knights Templar will meet at the dining room in the courthouse this afternoon at 1:30 o'clock. They will then go to the late residence of the deceased at 115 East Eastern to take charge of the remains. They will leave the home at 2:15 o'clock so as to reach the church at promptly 3 o'clock. The Knights Templar will act as an escort.

Reverend Walter, Presbyterian minister at Okmulgee, will officiate at the church services. The Masons will afterward take charge of the body and proceed to Oklahoma cemetery, where, following the usual ritualistic ceremony, interment will be made.

Dr. Reeder died at an advanced age. He was a pioneer Tulsa and prominently identified with the growth of the city. The members of the Chamber of Commerce will attend the funeral in a body.

City News In Brief

HELMIE BLY AND MAY BAKER of Oklahoma City are the guests of their mother, Mrs. J. N. Baker.

IN THE DISTRICT COURT yesterday Steve Evansoff entered suit for divorce against his wife, Mrs. J. W. Kieckoff et al.

IN SUPERIOR COURT yesterday Mrs. Louise E. Van Dyke entered suit for divorce against her husband, Marshall D. Van Dyke, from whom she seeks a divorce on charges of extreme cruelty and gross neglect of duty.

IN THE DISTRICT COURT yesterday Louis Bider was charged with violating the law which prohibits the selling of liquors in the state. The complaint was preferred by Noah Evans. The defendant has not yet been arrested.

"MARRIAGE LICENSES were issued in the county court yesterday to the following couples: Verne Casling, 18, and Jessie E. Moore, 18, both of Tulsa; Sam Hopper, 21, and Miss Elsie Tharp, 17, both of this city; John S. Blair, 26, and Olga Williams, 24, both of Tulsa.

ACCORDING TO E. E. Lenderbach, manager of the Western Union at Tulsa, the telegraph office scheduled for Sand Springs will be installed there by the first of September. Office will be maintained in the depot of the Sand Springs line at that place, and will bring to the residents of that town the last thing necessary for providing its full complement of rapid communication service.

MR. LYMAN CURTIS of Oklahoma City is the guest of Miss Adeline B. Baker at her home southeast of Tulsa.

MRS. FRANK ANDERSON of 513 South Cincinnati gave a dinner party Thursday evening with Mrs. Clara Sprague and Miss Pearl Waller as honored guests. The evening was delightfully spent in cards and music. Mrs. Sprague gave a reading from the San Luis obispo was greatly appreciated by the guests.

He Hadn't Been There.

"Mr. Daubyn said he would keep house while Mrs. Daubyn was away."

"He wrote glowing letters to her about his experiences in the kitchen and the fun he was having washing dishes."

"When Mrs. Daubyn returned at the end of two weeks Mr. Daubyn, of course, met her at the station and escorted her home."

"At the door he discovered that she took his latch key away with her the day she left."

It Depends.

He—W-w-will you k-k-kiss m-m-me?

She (shyly)—how long will the real thing last?

Sound Banking Principles

Throughout all our Banking Experience we have adhered closely to the principle that to prosper ourselves, we must help our patrons to thrive and expand.

Put into practice, this principle of progressive banking has resulted in many patrons establishing relations that have never been broken.

We believe that your experience with our Service would also be one of unbroken relations.

First National Bank

BOY SCOUTS WERE BANQUETED FRIDAY

Campfire Girls Were the Guests of Honor; Held in First Christian Church.

One of the most interesting programs in the history of scout activities in Tulsa was rendered last Friday night at the fifth annual banquet of Troop One, Boy Scouts of America.

The banquet girls were the guests of honor and their presence added to the enjoyment of the occasion.

Messrs. R. E. Williamson, Maurice Taylor, Russell Morse and Lloyd Stone, scout masters, planned the interesting evening.

The banquet was held in the basement of the First Christian church, with which the troop is affiliated.

Maurice Taylor was the toastmaster. Mr. Williamson spoke on the history of the scout movement. Deputy Scout Commissioner Rossard gave the history of Troop one. The campfire girls responded to the toast "The Love of the Scout."

Mrs. Morse spoke of campfire girls' activities. Russell Morse handed the subject, "Boy Scout Ideals," "Mammy Moon," the closing number, was given by the campfire girls.

The personnel of Troop one follows: Scout master, Ralph Williamson; assistant scout masters, Maurice Taylor, Russell Morse and Lloyd Stone.

Raven patrol: Walter Irwin, Ed May, Robert Bates, Theodore Brickner, Tom Swindler, Harry Irwin, Roy Thomas and Wade Lee.

Eagle patrol: Richard Brown, Armand Guy, William Overton, Chris Holderman, Harold Parker, Eugene Freeman, James Koop and Harold Vermon.

DID FATHER STEAL HIS OWN DAUGHTER?

Lucille Roberts Has Been Missing Since Friday, and Mother Suspects Kidnaping.

Lucille Roberts, aged 11, left her home in the east part of town to go to the postoffice Friday morning at 11 o'clock. She has not been seen since.

Her mother, Mrs. Ella Roberts, residing three blocks south of the Yorktown grocery store, yesterday asked the police to institute a search for the child. The city was alerted by officers last night, but not a clue could be found.

The little girl is described as being small for her age. Her parents are separated and her father has not been seen for six years. The police think she could be found.

Live Stock Good Business.

The man that raises live stock is seldom refused credit at the bank and the stores. But as a rule such men have balances at the bank and pay cash at the stores, thus getting the benefit of cash trading. Live stock raising on the farm reduces the element of risk considerably and places farming upon a business basis. The cropper must take his chances with the seasons, insects, speculators and poor markets, but the man with live stock can hold tight prices suit him.

NAUTICAL.

On that glad, glad day when my ship comes in
There'll be showers of joy for me
My heart will dance, and my voice will sing
The song of the glad and free
For I've waited long in a weary way
For my ship with its golden store,
And I've watched in vain, with straining gaze
From a desolate, lonesome shore.

On that joyous day when my ship comes in
I may bid farewell to care,
And life henceforth will be blithe and gay.
With skies that are always fair,
To that blissful day when my ship comes in
I am looking ahead, you bet!
But there's always this saddening thought to think—
I haven't launched her yet!

Boys, we pay three cents per pound for clean cotton rags—World office.

Use and Care of Belting

Leather belting is good if protected from heat and moisture. It is best suited for indoor use.

All simple leather belts should run with the grain or dressed side next to the pulley, so that the points of the belt will be pointing backward from the direction in which the belt is running, as this serves to tighten the lap instead of loosen it. The belt should be about 20 per cent narrower than the pulley face as it will wear better this way.

Mineral oil destroys the life of leather and should not be allowed to drop on a leather belt.

In putting a leather belt in shape, first scrape the surface with a moderately moist cloth. Then paint with kerosene or gasoline and apply a good liquid belt dressing.

Tubber belting may be used in the presence of water or steam and can stand a moderate amount of exposure to the elements, although sand and grit will rapidly destroy it.

The strength of a 4-ply rubber belt is considered equal to a 1-ply leather belt. The rubber belt slips, moisture on the pulley side with a mixture of boiled linseed oil, black lead and lard in equal proportions, with a little kerosene for a dryer.

Animal or mineral oils have a bad effect on a rubber belt. Canvas belting is well adapted to use under gritty, outdoor conditions as in threshing. The best grades are waterproof and have excellent lasting qualities.

A 4-ply canvas belt is considered equal to a single leather belt. Canvas belts should never have applications of rosin, linseed oil, or be painted with oil or any compounds to increase their grip.

Wherever possible, have the slack side of the belt on top, as this will give a better grip. A belt should never have a speed over 4,000 feet per minute. Too tight a belt will cause bearings to heat, and it will be short-lived.

Whenever any load is to be handled, there should be plenty of distance between centers—Henry L. Thompson, department of farm engineering, Oklahoma A. & M. college.

Potato Growers Organize.

Nineteen community potato growers organizations have been formed in Barton county. R. L. Cuff, agricultural representative for that county, reports that out of the 1,500 bushels of potatoes grown last year, 900 bushels of potatoes grown last year by Barton farmers, not one ear of straight stock could be secured.

When the frost comes, the growers are raising Green Mountain and expect to be in position to fill many large orders.

Field Stations.

The federal government has established field stations at Greeley, Colo., and Wapuca, Wis., for the purpose of developing methods of controlling certain potato diseases. The influence of the climate and soil in the development of these diseases will be given special consideration. J. B. Sands of the University of Wisconsin, will assist the federal agents with the work at the Wapuca station.

Live Stock Good Business.

The man that raises live stock is seldom refused credit at the bank and the stores. But as a rule such men have balances at the bank and pay cash at the stores, thus getting the benefit of cash trading. Live stock raising on the farm reduces the element of risk considerably and places farming upon a business basis. The cropper must take his chances with the seasons, insects, speculators and poor markets, but the man with live stock can hold tight prices suit him.
